*If you forget your Spanish dictionary or an essential supply, you may rent one from Mrs. Workman's Class Store

PEP Classes: Please always be on-time, prepared for class with all assigned materials and HW completed. This class will move quickly because we won't see each other that often, so as is with all other classes at PEP, it is imperative that you keep on track with all your assignments. It will be easy to fall behind. If you do fall behind on homework or feel that you are struggling, please let me know! How can I help if I don't know there is a problem?

Homework: The homework in this course will consist of creating and practicing flashcards from the vocabulary and the grammar, and completing exercises from the workbook and text. It will be graded by me as a completion grade only, because we have so many tests and quizzes that I will grade for correctness. Because we have so little class time, the parents' participation is vital. Parents will initial the weekly HW assignment page next to the appropriate day to prove completion. And then this page will be turned in to me for grading. (Besides the first quarter.)

Late Work: Late work will be deducted by 20% if it is late. If it is not turned when I collect it,

then it is considered late.

Participation: It is required that students participate in class activities and discussion. To do so, students must study, and complete all assigned coursework to maintain on track with the class. Again, studying is required! For most students, study time for this class will exceed many other classes.

Grades: Grades will be posted to Newsis.pep1.org. They are weighted and divided into the following categories:

Coursework – 45 %
Tests/Quizzes – 35%
Projects – 10%
Participation – 10 %
